ATTEMPT TO RUN CARS RESULTS IN VIOLENCE

Rioting Follows Attempt to Re-
sume City Car Service in
Lexington Yesterday, in
Which Ten are
Injured.

POLICE POWERLESS TO
COPE WITH RIOTERS.

Strike Breakers Taken From Cars
and Beaten by Infuriated
Masses—Call for Troops
Refused.

Following the attempt of the Ken-
tucky Tractional & Terminal Company
to operate the street cars in Lexington
Monday morning with strike-breakers
imported from New York, rioting
broke out in the downtown districts
shortly before 8 o'clock, when some
striking carmen and linemen, together
with strike sympathizers, composing
a resistless mob of more than five hun-
dred persons, attacked the cars as fast
as they came down town, smashing
windows, cutting trolley wires, seizing
the strike-breakers in charge of the
cars, in some cases beating them up
and driving them hatless, coatless
and bleeding into the streets.

One car was accidentally set on fire
in front of the traction offices by the
crossing of wires and the car would
have burned to ashes if the fire depart-
ment had not promptly arrived and
extinguished the flame.

Two other cars were practically
wrecked near the corner of Main and
Limestone streets, windows being broken,
trolleys cut and other damage
done by the rioters in taking the
strike-breakers off or in stoning the
cars.

Up to 8 o'clock fully ten men had
been injured, among them several
strike-breakers and A. P. Gooding, a
prominent tobacco man who was sworn
in Saturday as a deputy sheriff. Good-
ing was knocked in the head and se-
verely injured.

One policeman and two deputy
sheriffs were placed on every car, but
they were powerless to cope with the
rioters.

STRIKE BREAKERS ARRIVE SUN-
DAY.

Strike breakers to the number of 110
arrived in Lexington Sunday to take
place of the striking operators of the
street cars. They were quartered in
the buildings of the Traction and Ter-
minal Company, preparation having al-
ready been made for them.

EDITOR SENDS LETTER TO TRAC-
TION HEAD.

Mr. F. W. Bacon, Vice President K.
T. & T. Co., Lexington, Ky.

Dear Sir:—According to common re-
port you gave imported into Lexing-
ton over ONE HUNDRED THUGS
from New York City. If you are a
good citizen you will promptly see
that these men are removed from
Lexington. They are the same char-
acter of men that were hired to shoot
down Rosenthal in New York City
and are always used for dirty work.

I appeal of you to save the good
name of Lexington. Your former em-
ployes have been good citizens and do
not want to break the law of our
country. Do not aggravate them to
desperation by flaunting in their faces
the scums of the underworld.

Upon you, Mr. Bacon, and you alone,
depends to-day the peace of Lexington.

Respectfully,
THOMAS M. OWSLEY,
Editor of Tribune.

NO INTERURBAN SERVICE HERE.

Since the strike was declared on Fri-
day at midnight not a single car has
been run into this city, the carmen
operating the cars on all the traction
lines out of Lexington having gone
out through sympathy with the street
car men in Lexington.

The interurban car arriving in this
city Friday at midnight was taken
back to Lexington Saturday morning
by the new which run into this city.
One freight car was run to Paris Sat-
urday morning this being necessary to
deliver a large amount of perishable
goods that had been delivered to the
freight office of the Tractional &
Terminal Co. Friday afternoon. Since
that time no freight has been received
over the interurban line, local men
being compelled to use the L. & N.
freight in order to get such articles
as are purchased from Lexington
wholesalers.

The city car service has been sus-
pended, the operator of the city car,
Mr. John Duval, going out with the
striking carmen. Mr. Duval was in
Lexington yesterday and returning last
night reported the entire city service
tied up as a result of the riot which
occurred yesterday morning and which
was followed by the decision, of the
heads of the street car company not to
attempt to operate the city cars.

Circuit Judge Kerr on yesterday
called a special grand jury to be em-
paneled this morning and begin an in-
vestigation of the strike.

One dozen arrests followed the ri-
ots, but none of those alleged to
have been implicated in the outbreak
were striking carmen.

MAYOR ISSUES PROCLAMATION.

Mayor Cassidy at 2 o'clock yester-
day afternoon issued a proclamation
calling on all citizens to refrain from
acts of violence and to do all in their
(Continued on Page 8.)

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Monticello, Sept. 9—4 days.
Morgantown, Sept. 11—3 days.

RID YOUR CHILDREN OF WORMS.

You can change fretful, ill-tempered children into healthy, happy youngsters by ridding them of worms. Tossing, rolling, grinding of teeth, crying out while asleep, accompanied by intense thirst, pains in the stomach and bowels, feverishness and bad breath are symptoms that indicate worms. Kickapoo Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness. Mrs. J. A. Brisben, of Elgin, Ill., says: "I have used Kickapoo Worm Killer for years and it entirely rid my children of worms. I would not be without it" Guaranteed. All druggists, or by mail. Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis.

Young Financier.

Joe Parkman, aged thirteen, and his younger brother, Tom, aged eight, were going to the savings bank to deposit 50 cents which Joe's uncle had given him for passing with honors into the high school. Joe put his bank book and his money on the desk. The man said that nothing less than \$1 could be deposited. Tom said: "Joe, I know what to do. Draw out \$1 from the bank and deposit \$1.50."

FOR CUTS, BURNS AND BRUISES.

In every home there should be a box of Bucklen's Arnica Salve, ready to apply in every case of burns, cuts, wounds or scalds. J. H. Polanco, Delvalle, Tex., R. No. 2, writes: "Bucklen's Arnica Salve saved my little girl's cut foot. No one believed it could be cured." The world's best salve. Only 25c. Recommended by L. Oberdorfer and W. T. Brooks.

BEST MEDICINE IN THE WORLD.

"My little girl had dysentery very bad. I thought she would die. Chamberlain's Colic, Cholera and Diarrhoea Remedy cured her, and I can truthfully say that I think it is the best medicine in the world," writes Mrs. William Orvis, Claire, Mich. For sale by all dealers.

Czar's Brutal Amusement.

On feast days the life of the czar of the seventeenth century was enlivened with such amusements as a battle to the death between a well-baited bear and a spearman, in which, it is said, frequently the man lost his life. In the event of a successful issue the spearman was rewarded by being taken to the royal cellar, where he was allowed to drink to his capacity.

Carlyle's Caustic Humor.

By a great and extraordinary piece of magnanimity the prime minister of the day offered to make Carlyle a Grand Cross of the Bath in a very admirable and interesting letter, to which Carlyle replied in a perfectly worthy way. But Carlyle in private said—he was then very old: "What should I do with a G. C. B.? They would say Grand Cap and Bells."

Instinct Above Intelligence.

A boy was asked to explain the difference between animal instinct and human intelligence. "If we had instinct," he said, "we should know everything we needed to know without learning it, but we've got reason, and so we have to study ourselves most blind or be a fool."

Flour Sacks.

To remove letters from flour sacks: Cover letters with lard, tightly roll up for half hour or more, then soap well and rub. You will be surprised at the result. I have passed hours and hours boiling and bleaching without satisfaction, but this way the letters disappear at once.—Exchange.

Quite Safe.

"So he accepted a job like that, did he? Well, I did not know that a man of his standing would accept such dirty money." "Oh, he washed his hands with an antiseptic solution before he took the fee."

Have a Purpose.

The first great rule is that we must do something—that life must have a purpose and an aim—that work should be not merely occasional and spasmodic, but steady and continuous. Pleasure is a jewel which will only retain its lustre when it is in a setting of work; and a vacant life is one of the worst of pains, though the islands of leisure that stud a crowded, well-occupied life may be among the things to which we look back with the greatest delight.—Lecky.

Success depends largely upon Good Health

In your race for success don't lose sight of the fact that only through good health can you attain success.

The tension you must necessarily place upon your nerves, and the sacrifice of proper exercise you have to make at times must be balanced in some way.

Dr. Pierce's Golden Medical Discovery

is the balancing power—a vitalizing power. It acts on the stomach and organs of digestion and nutrition, thus purifying the blood and giving strength to the nerves, indirectly aiding the liver to perform its very important work. Dr. Pierce's Golden Medical Discovery has been successful for a generation as a tonic and body builder. Sold by medicine dealers in liquid or tablet form—trial box of "Tablets" mailed on receipt of 50 one-cent stamps.

If in failing health write Dr. R. V. Pierce's faculty at Invalids' Hotel, Buffalo, New York.

DR. PIERCE'S GREAT FAMILY DOCTOR BOOK. The People's Common Sense Medical Adviser—newly revised up-to-date edition—of 1008 pages, answers hosts of delicate questions which every woman, single or married, ought to know. Sent FREE in cloth binding to any address on receipt of 31 one-cent stamps, to cover cost of wrapping and mailing only.

MANY NEW ATTRACTIONS ARE BOOKED FOR BLUE GRASS FAIR

Opens at Lexington Monday, August 11--Six Big Days and
Nights--Best Fair in the Middle West--Liberati's Band
and Concert Co.--High Class Vaudeville.

Lexington, Ky.—Since its organization in 1906, the Blue Grass Fair has taken full rank with the largest and the best of the state fairs and expositions of the country. It has very justly become known as the largest horse show in the world. It is the only fair which offers a full quota and a classification for breeding classes of the three great breeds of American horses, as well as show classes, simplified and arranged in a manner which makes their distinction clear. Pitched on a larger and more extensive scale than ever before, with the certainty of increased interest on account of various added features, this year's fair promises to eclipse all previous records.

Numerous additions and improvements have been made in the matter of show rings, and amusements have been secured of a kind and to an extent that justify the belief that the fair will not only prove more valuable than ever to the live stock interests of Kentucky, but also more attractive to those who visit it. In addition to the weanling and yearling divisions of the great Saddle Horse Futurity, three stakes are offered in the show classes for saddle horses.

Attractive Program Each Day.
One of the most attractive programs for the week will be on Wednesday, when the classes for standard bred horses will be shown.

In addition to the cash premiums offered, seasons to the leading horses in service are donated by various owners and should attract the attention of the entire horse world.

The fair will open on Monday, Aug. 11, at 2 p. m., when an attractive racing program has been arranged, interesting show rings will be seen, and Liberati's Great Band and Concert company, with some of the best soloists and grand opera singers known to the musical world will be here. Six singers in costume will be heard in front of the grand stand every evening, and there is a great treat in store for the music loving public of the Blue Grass region.

The management of the fair, believing that the public demand a change from the old carnival line, have decided to put on a high class vaudeville show, every act a headliner, six big acts for one admission. A bill as good as can be seen in any high class vaudeville house in the country. An entire change of program and players on Thursday, Aug. 14, two performances daily.

On Tuesday, the 12th, the big mule show, always a most interesting feature of the Blue Grass Fair, will be shown, and Hereford cattle will also be seen.

Various classes for sheep will be judged in the pens, and the poultry

and pigeons will be judged in the poultry house.

Great show rings in other classes, two free attractions, music by the great Liberati's band, will help fill up the day's program.

On Wednesday morning the breeding classes for standard bred horses, as mentioned above, and classes for jack stock, etc., will be shown in front of the grand stand.

Famous Blue Grass Stake Wednesday.
In the afternoon the famous Blue Grass stake for five-gaited saddle horses, which always produces the best seen in the world. This stake always gives us a spirited and exciting contest, and brings out a large field.

The yearling division of the saddle horse futurity, which is a renewal of the 1911 show, should prove a great show, including as it does the winners of last year and many others.

Thursday is always a great day and an extra program has been arranged. The forenoon will be taken up with breeding classes for American saddle horses, the prizes for which are particularly rich and desirable and certain to bring about a magnificent show.

The classes for Short Horn cattle, which always produce a show for Short Horns well worth the trip of many miles to those interested in beef cattle, will be shown in front of the grand stand. In the afternoon will be witnessed Junior Championship stake for five-gaited saddle horses and an excellent program for racing, varied show classes for roadsters, three and five-gaited horses and fine harness horses.

Friday morning will be devoted to Jersey cattle, which is always a good show, as the best herds in the state meet here.

In the afternoon Shetland ponies, in addition to racing and a varied program of show classes.

Thoroughbred Saturday.
Saturday is always known as Thoroughbred day, when we see rings which bring together many of the most noted thoroughbred horses from the greatest nurseries in Kentucky.

The afternoon program is one of the most interesting of the entire week, as it includes all championships in which final contests occur between winners of the individual classes during the preceding day of the fair. The rule governing these classes requires all animals eligible to show in these rings, or forfeit money won in the previous shows, and this rule will be strictly adhered to, thereby assuring large fields and affording the public the opportunity of seeing the winners brought together.

The week promises to be not only a gala one in Lexington, but a record breaking one in the history of the Blue Grass Fair.

WONDERFUL PAINTING AT BLUE GRASS FAIR

"The Shadow of the Cross" Is
on Farewell Tour.

"The Shadow of the Cross," the famous unexplained painting of Christ, will be one of the special attractions at the fair this year. Many inducements were offered by the fair management before they could secure this famous work of art for the fair this year. Knowing that this will be the last year for public exhibition of the painting they decided that it must be obtained at any cost, so that the patrons of the fair should have a last opportunity to view it before it goes into retirement.

The picture was painted in 1896 by Henry Hammond Ahl, an American artist. Mr. Ahl, desiring to excel in the production of an ideal of the Christ, spent many weary months trying to attain his ideal of the Christ man; he did not succeed and the canvas became a source of worry and vexation to him. A well known lecturer on religious subjects became interested in the artist's work and tried to make him understand his realization of Christ as revealed in a dream. Not long afterwards the artist was impressed with the idea sought after and painted the wonderful countenance seen on the canvas. He sent for the lecturer friend and on entering the studio the lecturer exclaimed, "Now you have painted Christ as I saw him in my dream."

A few nights later Mr. Ahl had occasion to go to his studio and was astonished to find that his painting could be seen in the dark, the Christ appeared to be walking in a pale moonlight, while above and behind the figure was a black cross. His first impression was that the moon was shining through an open window and that the cross was a shadow, but upon closer inspection he found that a strange phenomenon had taken place as he had had no idea of a cross in painting the picture, and he had used only well known pigments.

SADDLE HORSES

Will Be an Important Exhibit at Lexington This Year.

Outstanding in importance among the live stock features of the Blue Grass Fair are the three divisions of the National Saddle Horse Futurities, to be contested at Lexington on Monday, Aug. 11; Tuesday, Aug. 12, and Wednesday, Aug. 13. On Tuesday the division for foals of 1912, and on Wednesday the one for 1911 division.

This stake was inaugurated last year by the Saddle and Horse Show Chronicle, and proved to be the best and most exciting exhibition ever given in any ring at any fair, there being 51 exhibits.

The renewal of 1911 stake for yearlings and inaugural of 1912 futurity under same conditions as last year are already causing widespread interest throughout the country. The approximate value of each is \$1,000, to be divided among the 10 best colts or fillies.

The two rings themselves would make Tuesday and Wednesday the banner days of the fair.

Three other stakes for saddle horses are also provided: One for \$250 for five-gaited saddle horses, three years or under, and one of \$200 for three-gaited saddle horses and under. These stakes are always hotly contested and to every lover of the horse are worth going miles to see.

WOMAN'S DEPARTMENT

Work of Fair Sex to Be Well Represented at Blue Grass Fair.

The Woman's Department of the Blue Grass Fair, to be held at Lexington Aug. 11 to 16, will be more important and extensive this year than ever before. The premium list has been revised, and classes offered cover almost every kind of woman's work and table luxuries. The second floor of the Art hall is given entirely to this department, and is usually one of the most attractive exhibits of the big fair.

On the lower floor the management has arranged with the Canadian Government Exhibit to bring their display of wheat, grain and other agricultural products. This should attract the attention of every farmer in the state, as it is the same display made at big state fairs and expositions.

Master's Sale

—OF—
TOWN LOT!

Kate B. Mann, Plaintiff
Notice of Sale.
Whittington Mann, &c., Defendants

Under and by virtue of a judgment of the Bourbon Circuit Court rendered in the above styled action, the undersigned Master Commissioner will sell at public auction on the highest and best bidder at the court house door in the city of Paris, Ky., at about the hour of 11 o'clock, a. m., on

MONDAY, JULY 14th, 1913,

the following described property: Beginning to the northwest corner of the lot owned by Hattie Hill Mann Dudley at a stake in the southern margin of East Seventh street; thence running westerly along the south margin of Seventh street 60 feet to a stake corner to Kate B. Mann's lot; thence with her line southwardly 130.2 feet to a stake in the line of Geo. Alexander (formerly Noah Spears' line); thence with said Alexander's line eastwardly 60 feet to a stake corner to the lot of Hattie Hill Mann Dudley; thence with said Dudley's line northwardly 129 feet to the point of beginning, being a part of the lot decided to said Mrs. M. F. Heades, by deed of record in the Bourbon County Court Clerk's office, Deed Book 70, page 319, and mentioned in her will heretofore referred to.

Said sale will be made upon a credit of six and twelve months for equal parts of the purchase money, purchaser being required to execute bond for equal installments of the purchase price with good surety thereon, to be approved by the Master Commissioner payable to said Master, and bearing interest at the rate of 6 per cent. per annum from date of sale until

SURPRISING CURE OF STOMACH TROUBLE.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengel, Plainfield, N. J., writes: "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.

Not All the Requirements.
Discussing a rather Bohemian set in Chicago, George Ade said at the Chicago Athletic club: "These poor girls needn't think themselves literary just because they use a pencil to darken their eyebrows with."

THE KING OF ALL LAXATIVES.

For constipation, headaches, indigestion and dyspepsia, use Dr. King's New Life Pills. Paul Mathulka, of Buffalo, New York, says they are the "King of all laxatives. They are a blessing to all my family and I always keep a box of them at home." Get a box and get well. Price 25c. Recommended by L. Oberdorfer and W. T. Brooks.

Alps' Toll of Human Life.
About 1,000,000 tourists visit the Alps each year, of whom about 24 meet with fatal accidents.

paid, and to remain a lien upon the property sold until paid and to have the force and effect of a judgment.

SWIFT CHAMP, - Editor and Publisher

(Entered at the Paris Kentucky Post-office as Mail Matter of the Second Class.)

WHY SHOULD BOURBON NEED THE STATE'S AID?

The Good Roads Committee of the Louisville Commercial Club is flooding the newspaper offices with circular letters and newspaper stories advocating State Aid in Good Road movement. The course pursued by the committee is in a measure commendable but there is no necessity for it in the case of Bourbon county.

Why should Bourbon county approve of the efforts of those interested in the movement for better roads when each year there is paid into the road fund of the county a sum in excess of \$40,000? Are not the taxpayers of Bourbon paying enough for its roads without helping pauper counties whose resources are not great. This would necessarily be the result if the aid of the State was enlisted in the movement for good roads.

Bourbon county could not approve of any measure that might lead to this. The taxpayers are paying into the county treasury enough for a road fund to insure the best highways of any county in the State of Kentucky. With conservative distribution of the county road fund no doubt it can be proven that each road if Bourbon county could be placed in an excellent condition, whereas, at present a large per cent of the mileage of turnpikes of the county are in a deplorable state.

There is a better remedy than lending assistance to secure aid from the State for Good Roads, that is, it appears to us as citizens and taxpayers of Bourbon. Elect a County Judge who will see that the roads of Bourbon are well-kept; elect a County Judge who will devote his time in the discharge of his duties in this department. Bourbon county needs no aid from the State to improve its roads; it needs an official who will see to it that the road fund of the county is spent to do the most good for the greatest number of people, who for the past eight years have had their rights abused by an official sworn to guard the interests of the taxpayers and who has been "weighed in the balance and found wanting."

This should appeal to every voter who has a voice in the coming primary election. C. A. McMillan pledges himself to devote an interest to the public roads if elected to the office of County Judge. This is a matter that has been treated with insignificance during the past eight years and during the administration of the present County Judge. Why should there not be a change to insure a better condition of the county's highways, without aid from the State and stop the ruthless expenditure of the county's road fund and this without any benefit to the taxpayers.

Bourbon County need a Good Roads League. Let's have the roads we are paying for. Other counties which pay no more or less tax than Bourbon have good roads; why cannot we have them? Record your vote against Dundon and his bad roads. Vote for McMillan for County Judge.

NO GROUNDS FOR SUCH UNDUE CRITICISM.

Dissatisfied with the verdict at the trial of the four negroes charged with the murder of Town Marshal Petit, the Clay City Times in its recent issue comments and severely criticizes the Bourbon jury as follows:

"Those Bourbon county sap heads must have been behind with their work, and if these negroes had agreed to work for them they would, probably have cleared them of the brutal murder of Marshal A. T. Petit. The younger aggregation of this untried are strangers to work or probably they would have done this and gained their liberty."

"That Bourbon county jury evidently believes a negro should tar and feather a dozen more mountain white men before electrocuting him."

"The proceedings and trial of Marshal A. T. Petit's murderers is a strong argument in favor of justice being meted out by Judge Lynch."

"Such a sentence and such delay in the trial has worried the patience of the law-abiding citizens of Powell county. The whole affair is a disgrace to the Commonwealth. Powell county would have done better. Had it been left to the people of this county altogether, at least two of the boys who confessed to the killing would have suffered the effects of the electric chair long before this."

The editor of the Times in his narrowness allowed his prejudice to get the better of his judgment. Referring to the Bourbon men who composed the jury as "sap heads" is indeed very ungentlemanly, when it is considered the jury was composed of some of the most substantial farmers, business men and men of other occupations, in the county.

There is no excuse for this criticism of the Bourbon jurors, who, in their judgment, rendered a verdict in accordance with the law and evidence at the trial in Winchester, and which they were sworn to do when they were accepted by the prosecution and defense.

Any law-abiding citizen deplors a crime of the kind that was perpetrated in Clay City, and it is even more deplorable that a man of the community should enter an argument favoring mob violence to secure justice. The day of mob violence has passed, although the knowledge of the fact may not as yet reached the editor of the Times, who in his far-away position should restrain himself from criticisms of a just and honorable body of men.

"And the 'Cullud Troops' Fought Nobly."

THE COUNTY JUDGESHIP.

There is one thing upon which the voters of Bourbon county should speak out and express themselves plainly in the coming primary. The News does not believe that the County Judge who is the leading peace officer of the county, sworn to uphold the law, should be allowed to take employment in criminal cases. It is his duty to uphold the law and to prosecute criminals and he is paid for this by the county in his salary and the fees of his office. He ought not to be permitted for compensation to go out and defend criminals. Take one instance that will illustrate our point. Take the blind tiger's and bootlegging business of Claysville. The most notorious of these bootleggers is Bud Macom who has been in the courts constantly costing the Commonwealth thousands of dollars to prosecute him. But after Macom had tried various attorneys to defend him, lo, and behold, he appeared in court with Judge Dundon as his attorney! Case after case of Macom was called and Judge Dundon appeared to defend him. You can imagine the effect upon these law breakers of having the County Judge as their paid attorney. It emboldened them to defy the law and our courts have been kept busy prosecuting Bud Macom and the bootleggers of this kind. A few terms of court since the then Commonwealth's Attorney delivered one of the most sensational speeches ever heard in the Court House, and which no one present will ever forget, wherein he reminded the County Judge of his sworn duty to uphold the law, and to prosecute the violators of the law, and remonstrated in terms that will never be forgotten against him appearing in court in the defense of these violators of the law. We want a County Judge who will look after the turnpikes of Bourbon County instead of spending his time defending Bud Macom and those of his kind for compensation.

But a word of warning right here. Under the new primary election law the Republican primary is held at the same time and place of the Democratic primary. The News predicts that Bud Macom and his gang will be mustered into line to vote for his attorney, Judge Dundon, and every vote thus cast kills the vote of some worthy Democratic citizen of Bourbon county.

ASKS FOR ARTICLE TO BE RE-PUBLISHED.

Editor Bourbon News,
Paris, Ky.

Dear Sir: You published an article showing that the County Judge is responsible for the condition of the pikes. I think this article ought to be given greater circulation because the claim being made over the county that the County Judge is not responsible for the bad condition of the pikes is misleading some of the voters. I write to request you to re-publish that article and give it more circulation, as I am interested in better pikes.

Respectfully,
A COUNTRY VOTER.

We take pleasure in granting the request above, and the article referred to is as follows:

LET'S HAVE NO DODGING OF RESPONSIBILITY.

Judge Dundon is quoted as saying when electioneering, that he is not responsible for the deplorable condition of the turnpikes.

But the Court of Appeals of Kentucky holds that he is responsible. There were bad roads over in Boyle county, which led to an indictment by the grand jury at Danville and the case was carried to the Court of Appeals of Kentucky. The Court of Appeals held that the County Judge may be indicted for bad turnpikes in the county. If our statement is denied or challenged, we will, at our own expense, get a copy of the opinion of the Court of Appeals and publish it. Every lawyer of experience or practice knows it, and we are prepared to prove what we say, with the opinion itself, if our statement is questioned.

It was bad enough to neglect the turnpikes, certainly so to neglect them to such an extent that the Grand Jury of Bourbon county felt called upon to minister a severe rebuke, but to attempt to shirk this responsibility is as bad or worse, especially when done to get votes. The people of Bourbon county do not want as County Judge a man who disclaims responsibility for condition of the turnpikes. If he does not feel his responsibility he certainly should be retired from office.

We have had bad roads for eight years under Dundon; try McMillan for four years.

COUNCILMAN W. O. HINTON DEFENDS ADMINISTRATION.

(From the Kentuckian-Citizen.)

It is to be hoped it shall not be considered improper for me to reply to the article which appeared in the last issue of the Paris Democrat under the above heading as it was my duty as Chairman of the Finance Committee to compile the figures and submit the estimate for the tax levy, and although the Mayor, on whose alone the attack was made, did approve the estimate and express a desire that the rate might be lowered, yet the figures from which the estimate was made are more familiar to me than anyone else unless, perhaps, it be the wonderful mind of the honest editor of the Democrat.

It has not been my purpose to notice any of the villainous attacks that have so frequently emanated from the fertile imagination of those who are opposing the re-election of the Mayor and a Council in sympathy with him, but when the lie is charged and deception attempted to be proven through perversion of facts and figures by an editor who publishes from the house top that all others are liars and thieves except himself and those whom he holds up as idols and examples of purity, it is time that actual facts be given the public for fear that there may be some in the city who do not know the Mayor has lived in this community for more than three quarters of a century and made a name for truthfulness, honest dealings and faithfulness to his word that not even the false aspersions of the editor of the Democrat nor the influence of his patron saint Mr. O'Brien, can destroy. To those I wish only to submit the figures as they actually are and not as they are "given to me by a member of the Finance Committee" and they are a matter of public record and might easily have been obtained by the honest editor of the Democrat.

To those who have spent their lives in Paris where both myself and the Mayor before me were born and have since lived it is not necessary to offer any further proof of an honest purpose than the past records.

As Mr. O'Brien was willing to go into the past records either in business or in private life or those in the Circuit Court records of Grand Jury indictments, or will the honest and fair editor of the Democrat insist on these

records being published in full or is he so under that wonderful spell that Mr. O'Brien possesses over little children that he can only see that smile that plays upon his countenance when in the presence of those who worship and adore him? No, the honest and fair editor is not likely to publish any of these records unless he can break away from the spell that binds him at the feet of his lord and master. "So much by way of preface."

As to figures that prove, according to the wonderfully wise and astute editor of the Democrat, that the Mayor has deliberately lied and wilfully deceived, look over them carefully. They were made carefully and not at random as you might be led to suppose.

In round numbers there will be from the tax levy and franchise \$50,000; from licenses, \$20,000; from sale of rock \$2,700; from whiskey tax \$2,000; from police court \$300. These together with a balance of \$17,000 on hand at the first of the year make a total of \$92,500.

These figures in part must be based on the same items from last year and may vary slightly when the actual amounts are received. The expenditures must likewise be largely based on the expenses of the past year. The interest and bonds will be \$9,400. The library will receive about \$2,000; the hospital \$4,000, (which has been established and opened during this administration); the public school, \$14,000. The general expenses of last year were \$46,000. This latter item included several new streets, the reconstruction of a large portion of the old street, and several new sewers, although the honest and fair editor of the Democrat says not a dollar was spent. Much of this work will not be necessary this year and the expense will be several thousand dollars less.

With the new electric motor installed at the quarry and the new contract for lighting there should be a saving of perhaps \$4,000 in the general expenses, so that they are not likely to reach more than \$42,000. This with the other expenses above make a total of \$71,400, leaving a balance of over \$21,000 from the general purpose fund and available for the improvements recommended. A first-class modern motor truck can be purchased for about \$5,000, the portion of Main street needing resurfacing can be repaired for about \$7,000. The difficult end of the sewer will probably cost \$5,000 or \$6,000, which will carry it to a point from which the city can easily handle the extension with its own force. Besides the above figures the records show that the city had on hand at the first of the year \$17,000. That the receipts last year were about \$3,500 in excess of expenses. The saving in this year's expenses should more than make up the reduction in the tax rate and leave \$21,000 or more available for improvements and any emergency that may arise. It is impossible to explain how the fair and honest editor of the Democrat has arrived at his figures. It would be unkind to say it was malicious and intentional and might hurt the child's feelings and it may be better to attribute it to gross carelessness that has marked the great majority of his statements.

It would be wrong to pass without comment his mention of the splendid condition in which Mr. O'Brien left Main Street, and the statement that with proper care it would have lasted for years. If the editor means by proper care that all traffic be kept off Main Street, then if the public approve of such care, it can still be preserved for ages by forbidding its use and may stand as a perpetual monument to the great foresight and engineering ability of Mr. O'Brien, under whose administration the street was laid by a firm which it is said had never before done such work, and which, much to their credit, has not done any since. This may or may not be true. It is true, however, that the street was improperly laid at first and had to be partly relaid and Mr. O'Brien and his associates permitted that portion to be laid over the first structure instead of having it torn up and that in this way the dangerous crown was given to the street which caused the grand jury to force the city to roughen the surface in such a way as to greatly injure the street. It is true that the only two blocks which were laid anything like in the proper manner are the only two that are anything like good today. It is also true that there has not been a year since Mr. O'Brien's retirement from office that the company which did the work under guarantee has not been required to patch the street to such an extent as to almost appear to be resurfaced and that the patches would hold only for a few months and that the present condition of the street is due to this very same inefficient construction and makeshift repairing for which the city has not been able to enforce payment from unreliable contractors.

It is also true that the natural life of such street where properly laid at first is from 18 to 20 years without any repairing instead of 7 years with constant repairing. If Main Street is any credit to Mr. O'Brien let him have all of it.

As to the Fire Department which in the language of the honest and fair editor of the Democrat "has been totally destroyed." This is too silly and childlike to need more than passing notice. It can not be honestly said that there has been a single fire during this whole administration that has not been handled as quickly and with as little loss as has ever been done by any fire department the city has ever had. The only fault with the fire department is that some, who would like to, have not been able to deter as to who shall constitute its members. Both he and the community would profit more if the honest and fair editor of the Democrat would spend more of his time hunting for the points of advantage his city has over others and publishing them instead of using every opportunity to knock his town in order to boost the candidacy of his idol who must depend on dragging down the good name and defaming the character of his opponent rather than on any merit of his own.

As to the purpose of the Mayor and his associates to keep their promises their past records together with the figures given should remove any

doubt. It may be also added that last year Mr. Parish, who occupied the same place as now, on the Finance Committee, insisted that the city's expenses could not be taken care of with a tax rate of less than \$1.65, while as a matter of fact it was taken care of with a rate of \$1.30, and a balance left equal to nearly 10 cents.

As to the additional income from the saloon license not having been returned to the taxpayer either in improvement or further lowering of the rate this is as false and misleading as any of the other misrepresentations. The total lowering of the tax rate has amounted to 50 cents in the four years, equalling \$18,000. The School Fund has been increased about \$5,500, and about \$5,000 of overcheck and back debts inherited from the former administration were paid and a surplus of over \$17,000 shown at the end of last year, making a total of \$45,000, which with the thousands of dollar spent on the outlying streets, that were left by Mr. O'Brien in the most miserable condition, makes more than the extra amount from saloon licenses.

The great trouble, it appears to me, with the opposition is that they fear they will have to run the city government on the same economical basis as that on which it has been run the past four years to make the present tax rate equal to their purpose, but they need have little fear of being put to such a stress as the voters of Paris can be trusted to see that their government is entrusted again to the administration that has for four years managed so well and accorded to friend and foe alike the fair treatment to which they are entitled.

Nor will it be necessary for the honest and fair editor of the Democrat to be put to the embarrassing duty of having his fellow citizens sent to the State prison for appropriating money contrary to law.

The people can be trusted to see to their own affairs without the aid of this wonderful guardian of public interests.

Respectfully submitted,
W. O. HINTON.

Notice of Meeting of Garth Fund Commissioners.

The present beneficiaries of the Garth Fund are hereby requested to meet the undersigned Commissioners of said Fund in the Court House in Paris, Ky., on Wednesday, July 23rd next, at which time said beneficiaries will be expected to present their report and to bring with them the books studied during the past school year, upon which they will be examined.

All new applicants are requested to present themselves for examination on Thursday, July 24, next, at the same place.

**MASTER SELLS TWO
PIECES OF PROPERTY.**

Auctioneer M. F. Kenney made the following sales Saturday at the court house door for Master, Commissioner C. A. McMillan: The Settles house and lot in White Addition to George Alexander for \$2,125; the Paris Novelty and Manufacturing Co.'s plant to W. O. Hinton for \$800.

YOU WILL BE PLEASED.

Get shoe satisfaction by trading at
(4-11) **FELD'S.**

**COUNCILMAN REPLIES TO
DEMOCRAT'S ATTACK.**

Councilman W. O. Hinton in a lengthy card published in the Kentucky-Citizen Saturday, replied to the editor of the Paris Democrat, who by false figures and a misrepresentation of facts attempted to "show up" the present city administration. Mr. Hinton in his reply denounces the article of the Democrat, also the editor and by a most convincing argument and figures secured from the report of the Finance Committee of the Council, sets the truth of the matter before the people of Paris. Mr. Hinton's article is reproduced in full in another column of this issue.

HOTPOINT.

A Hotpoint Electric Iron in your home will save time, strength and energy. The Paris Gas & Electric Co. will send one on two weeks' trial. These irons are guaranteed for ten years. The price is \$3.50, and the cost of operating is not over five cents per hour. If your home is not wired you should phone us at once for full information.

MELONS ON ICE.

Fine Georgia Watermelons and Canteloupes always on ice. Phone us your order early.
(15-11) **JOHN SAUER.**

**PARIS WOMAN INJURED IN
MOTOR CYCLE ACCIDENT.**

As a result of a motor cycle accident which occurred Sunday afternoon about four miles from High Bridge, Miss Minnie Hall, pianist at the Alamo Theatre, was painfully injured. Miss Hall accompanied Mr. Staley Lowry to High Bridge Sunday and the couple was making the return trip when about four miles from High Bridge the machine skidded and Mr. Lowry, losing control of the cycle, barely missed a telephone pole. Miss Hall was thrown off and as a result sustained a sprained wrist, while Mr. Lowry escaped injury. The machine was considerably damaged. They proceeded to Lexington, however, and Miss Hall was brought to her home in this city by Mr. A. F. Frendberg.

MELONS! MELONS!

Watermelons and Rocky Ford Canteloupes on ice at all times.
(11) **C. P. COOK & CO.**

**NEGRO BOY GROUND
TO DEATH BY TRAIN.**

Nelson Jones, a negro boy ten years old, was killed Thursday about 5:30 o'clock at the construction camp of Duane & Corlan on the Louisville & Nashville Railroad, between Paris and Winchester. The boy was staying at the camp with his father and step-mother, who came from South Carolina, and served the laborers as water boy. When killed he was standing by the steam drill, which was in operation and on account of the noise made by it, the boy did not hear a freight train from Winchester, and was run over by it. The body was brought to the undertaking establishment of Geo. W. Davis and buried Friday. Coroner Rudolph Davis visited the scene of the accident and held an inquest.

CUT PRICE SALE.

Price & Co., Clothiers, are making special prices on their High Art Men's Suits. Now is the time to get first-class suits at the price of cheaper made ones. Come and see for yourself.

**VERDICT OF JURY
BREAKS HOLIDAY WILL.**

The Holliday will case, involving an estate of about \$100,000, which began in the Clark Circuit Court before Judge James M. Benton last Monday, was given to the jury Friday afternoon late, after arrangements by counsel. After a short time spent in deliberating the jury was excused until Saturday morning, when at 10:30 o'clock it returned a verdict breaking the will.

Thes uit to break the will of Stephen Holliday, who died about two years ago at the age of 86, was brought by Lewis Holliday, a nephew, and the grounds on which he asked the court to set aside the will are undue influence, fraud, and the alleged incapacity of the old man to make a will, because of his mental condition. His wife was the widow of his brother, and he married her when he was 77 years old. The case was hard fought on both and intense interest was manifested in the trial and its result.

SOCIAL AND PERSONAL

—Miss Elizabeth Clark, of Lexington, is visiting her aunt, Miss Belle Ogden.

—Miss Madeline Denon, of Lexington, is visiting relatives and friends in this city.

—Mrs. W. V. Huffman, of Millersburg, is the guest of relatives on Nineteenth Street.

—Miss Bessie Keller, of Covington, is the guest of Miss Edna Keller, on South Main street.

—Mrs. J. W. Huffman and daughter, Miss Edna Huffman, are visiting relatives in Springfield, Ohio.

—Messrs. Leer Stout and Logan Howard leave to-day for a two-weeks' stay at West Baden, Ind.

—Mr. C. N. Martin, of near this city, is in New York and other Eastern cities on a ten days' trip.

—Mrs. David Bachrach, of Muskegon, Okla., is here on a visit to her parents, Mr. and Mrs. L. Wollstein.

—Miss Ella O'Neal and Miss Lula Davis have returned from Cincinnati where they visited for the past week.

—Messrs. Ireland Davis, W. B. Tinsley, John Kriener and W. S. Arnsperger motored to High Bridge Sunday.

—Commonwealth's Attorney Victor Bradley, of Georgetown, was visitor in Paris yesterday on legal business.

—Miss Aileen Schwartz, of this city, and Miss Alice Bewkard, of Lexington, are sojourning at Oil Springs.

—Mrs. Chas. Livingston, has returned from North Dakota, and is with her cousin, Mrs. W. S. Turner, near Paris.

—Mr. N. F. Brent leaves to-day for Michigan to join Mrs. Brent and his son, who have been there for several weeks.

—Messrs. Chas. Peddicord, Kenney Nichols and Spears Moore leave this morning for a two weeks visit to Windsor, Canada.

—Misses Anna Warren and Kate Anderson have returned to their home in Stanford after a visit to Mrs. Jesse Traylor and Mrs. Clarence Elmor, in this city.

—Miss Dorcas Ussery, who has been the guest of Miss Frances Champ for the past several weeks left yesterday for Cincinnati to be with her mother, Mrs. W. C. Ussery the remainder of the summer.

—Mrs. J. W. Hayden left Friday for a visit to her mother at Stanford, Ky., and from there will go to Dripping Springs to remain about ten days.

—Mrs. Laura Boone and Miss Fannie Boone, of Kansas City, are the guests of the former's daughter, Mrs. W. W. Judy, at the Robneel apartments.

—Mr. Clifton Arnsperger and son, Will Estill Arnsperger, leave this morning for a vacation. They will visit Cape May, New York and other Eastern points.

—Messrs. Edgar Vansant, James Thompson, George White Fithian, Edw. McShane, John Stuart and Edw. Myall left yesterday for Camp Daniel Boone, in Nelson county, for a vacation.

—The following handsomely engraved invitations have been issued:
Mr. and Mrs. I. D. Thompson
Miss Sarah Thompson
Friday, June Eighteenth

**WOOLFOLK'S TEAM WINS
FROM PARIS AGGREGATION**

The Woolfolk Coffee Company baseball team of Lexington, defeated the Paris team Sunday afternoon in a hard fought 12-inning game by the score of 8 to 6. The contest was one of the best of the season, and the game marked the second defeat of the Paris team by the Woolfolks.

AGED LADY HAS BAD ACCIDENT.

Mrs. Belle Palmer, the mother of Mrs. John J. McClintock, fell down the steps at the home of her daughter last evening and sustained severe injuries. Besides breaking her hip she was considerably bruised. Mrs. Palmer is aged about eighty years.

APPOINTED EXECUTOR.

Judge Harmon Stitt was appointed executor of the estate of Margaret Forstner by Judge Dennis Dundon in the County Court.

**SPECIAL REGISTRATION TO BE
HELD NEXT SATURDAY.**

For the benefit of persons who were absent from the city during the registration period last year, those prevented from registration by sickness, or by death in their immediate families; those who moved into the city after the latest date for registration at the last regular election and are qualified voters; those who have become of age since the last election and are qualified voters, and those who have moved from one precinct into another since the last election, a special registration will be held in the office of County Clerk Pearce Paton next Saturday.

According to an abstract of the new primary law, "the County Clerk shall require written oath as to the cause or failure to register at the last registration, and also require the affidavit of a physician if illness is given as the cause. The affidavits shall be kept in a bound book for that purpose."

"The right of any person to register specially may be challenged by any voter present; and the County Clerk shall examine such person and any witnesses who may be offered, under oath, and shall determine the right of said person to register."

"The County Clerk shall write the name of the person 'specially registered' on the last page of names beginning with the same letter in the last year's registration book and in the column headed 'remarks,' he shall write words 'specially registered.'"

"The registration books shall be sent to the polls to be used by the election officers to determine the right of any person to vote in the primary."

"Where a voter removes from one precinct to another, after having registered for the last election, he may have his name cancelled on the last year's registration book by having written opposite his name the word 'removed,' and then he may be 'specially registered' by the County Clerk, upon taken oath that he is qualified voter, or will be such on the day of the primary, in the precinct of his present residence."

"A person removing from one city to another in a different county shall not be required to have his registration cancelled, but may be 'specially registered' upon making the same affidavit as above, viz., that he is a qualified voter, or will be such, on the day of the primary, in the precinct of his present residence."

Under the law, before a person may vote he must have been a resident of the State a year, of the county six months, and of the precinct sixty days, hence persons who may have moved from one precinct to another since the last election, although they may live in the same ward, must be 'specially registered' before they may vote in the coming primary. Persons who move from one precinct into another within less than 60 days of the primary disqualify themselves from taking part in the primary election."

Relative to the naming of election officers to serve in the coming primary the law provides that the officers shall be appointed by the County Board of Election Commissioners; two officers for each voting place from a list of eight names submitted by the party committees of the two leading political parties. The list of names selected by the party committees for election officers at the primary shall be submitted to the Election Board no later than next Friday, or fifteen days before the primary, and shall be open to inspection thereafter.

The law provides that the candidates shall be entitled to unite regardless of party, in designating the names of persons to be appointed election officers, by giving written notice to the Election Board delivered to any member thereof not later than 10 days before the primary. Twenty-five per cent. of the candidates may name one officer per precinct; 50 per cent. may name two officers per precinct, and 75 per cent. may name three officers per precinct. The list of election officers shall be made up by the Election Board and open to inspection by any candidate not later than noon on the Saturday preceding the primary.

**SUPERINTENDENT'S REPORT
IS READY FOR FILING.**

The report of County School Superintendent, Miss Mabel Robbins, has been completed and with the approval of County Judge Dennis Dundon will be ready for filing with the Superintendent of Public Instruction Bardsdale Hamlet.

The report shows that there are thirty white and twenty-three colored teachers in Bourbon county, with an average yearly salary of \$423.62. The average daily attendance during the year was 1,352 with a percent of attendance of 63.2. The average cost of teaching in census, according to the report is \$6.50 and enrolled \$10.48.

The library report shows thirty-seven individual libraries in the county schools contained in all 1852 volumes. Volumes to number of 549 were added this year, representing an outlay of \$378 expended for that purpose during the year, of which \$316 was from a private fund. The total amount expended during the school term for salaries and the necessities of conducting the county schools paid from the State and county funds was \$36,092.50.

**BOURBON BREEDERS SELL
FANCY SHOW HORSES.**

Messrs John T. Collins & Son, the North Middletown horsemen, report the sale of two of their valuable show horses, the deals having been consummated during the past few days. D. D. Witcover, of Darling, S. C., was the purchaser of the prize show gelding, Foxy Phil, which was shipped direct to the Darling horse show. Cinderella C., by the great show stallion, Roosevelt, was bought by the firm of George & Little, of Camden, S. C. Price obtained for these two horses was private, but it is understood to have been an excellent one.

—Miss Nellie James, daughter of Mr. and Mrs. J. W. James, of East Fourth street, has returned from a week's visit with Mrs. R. E. Froman, in Lexington.

If you advocate bad roads you will vote to keep Dundon in office. He will give them to you.

**BY SLENDER THREAD
TOT'S LIFE HUNG.**

The Lexington Tribune of yesterday contained the following:

In a little white cot in the children's ward of the St. Joseph hospital lies little William Talbott, the three year old son of Mr. and Mrs. W. G. Talbott, of Paris, Ky., and by his side sits the mother.

It was found necessary several days ago to operate on little William for appendicitis to save his life.

When the child had been returned from the operating room the mother clung about watching every movement for the slightest sign of life. After a while the mother was awarded by the blinking of the eyelids and then the little fellow held out his arms weakly towards his mother and begged her to kiss him.

The mother reached over and tenderly kissed him while the nurse visibly affected, smiled.

Attendants at the hospital announced later in the day, the child would recover.

**Children Can Be
"Kids" But
Once.**

Let them increase the joys of childhood and keep a record of them for "grown-up" days with a

BROWNIE

So simple that a child can operate them and make good pictures—\$2, \$3, \$4, \$5, \$7, \$10 and \$12.

Burley Tobacco Society sales acct., 1909.....	8.23
	\$1,969,023.25
	\$1,969,023.25

This report was unanimously approved by the District Board and ordered to be printed.

In addition to this financial statement, the Board desires to submit to the members of the 1909 pool and to the public a plain statement of facts. The foregoing financial statement shows a balance of \$200,746.49 arising from the sale of the 1907 pooled tobacco which has not been distributed.

Before the 1907 pooled tobacco was paid for, suits were brought by the independent tobacco manufacturers in the Federal Courts at Cincinnati, Covington and Frankfort, seeking to hold the Burley Tobacco Society and the whole pool movement to be in violation of the Sherman Anti-Trust law and also seeking to recover damages against the Society and the members of the District Board and other prominent growers to the amount of about \$1,000,000.00.

The suit in Cincinnati was in the name of the E. O. Eschley Tobacco Company and was the only one that

came to a final trial, which was in the early part of the year 1912. This was won by the Society. One of the other suits was settled shortly after this. The two remaining suits, involving about \$400,000.00, were not settled until about the first of May, 1913.

During the pendency of these suits no distribution of this balance of the 1907 money could be made. Before the settlement of these suits the Auditor's Agent of Kentucky filed suits in about forty different counties for back taxes against the Society, covering the 1906, 1907 and 1909 pools, seeking an assessment against the Society covering the years 1907 to 1911, the aggregate assessment claimed in these suits amounting to \$62,000,000 in round numbers, the taxes sought to be collected amounting in round numbers to \$620,000 with 20 per cent penalty to be added. These tax suits were pending when the suits in the Federal Courts were settled and are still pending and until they are determined no distribution of this balance of the 1907 pool can be made.

About May 1, 1913, however, when the Federal suits were settled, the Board directed distribution sheets to be prepared and they were prepared to enable the Society to distribute this balance of the 1907 pool money as soon as these suits brought by the Auditor's Agent can be disposed of. Nothing remains to be done by the Society in reference to the distribution of this balance except to write out the checks when this litigation is determined.

Stock To Be Issued.

The certificates for the capital stock in the Burley Tobacco Company are in the hands of the printer and will be issued to the members of the 1909 pool or the holders of the warehouse receipts as soon as the warehouse receipts are turned in to the Company. The holders of the warehouse receipts should turn them in to the County Chairman or Secretary to be forwarded to the Burley Tobacco Company at its office in Lexington, Ky., as soon as possible so that the certificate of stock can be issued to the owners.

The Company could not issue these certificates of stock before this time for the reason that the amount to be issued to each member could not be ascertained until the tobacco was sold. The final sales were not completed until July 4, 1912. A man who buys tobacco on the hoghead market is allowed six months to make reclamation for damages arising from the tobacco in the hoghead not being as good as the sample. The time would not run out for these reclamations until January 4, 1913, and until that time it could not be determined what amount of stock should be issued to each holder. However, in the month of August, 1912, bids for the printing of this stock were secured from the printers and the form of the stock certificate was directed to be prepared by the attorneys of the Company. In the first part of October, 1912, suit was filed by two men owning \$175 worth of stock in the Kenton Circuit Court against the Burley Tobacco Company, attacking the charter of the Company, and the right to issue the form of stock certificate which the charter required to be issued. That suit was brought to a final determination in the lower court as soon as could be done and was then taken to the Court of Appeals and advanced and submitted at the earliest possible moment and was not finally decided by that Court until the 17th day of June, 1913. The Court of Appeals in its decision held that the provisions in the charter of the Company relating to the form of the stock certificate and the voting of the stock were void and that the stock would have to be issued with the voting power accompanying it directly to the owner of the stock. Immediately upon the rendering of this decision the Company proceeded to have the stock certificates prepared and they will be promptly issued.

Protected the Control.

It was the purpose in the organization of this Company to keep the management and control beyond the reach of the enemies of the growers, and the charter of the Company provided that the individuals constituting from time to time the members of the District Board of the Burley Tobacco Society should vote this stock. The Court of Appeals in its recent decision has held in substance that this clause of the charter is void because it was not formally agreed to by the stockholders, and in accordance with that decision each stockholder will vote his stock in the election to be held in October for the Board of Directors for this Company. The District Board recognizes that it is its duty to acquiesce in the growth of the present situation that confronts the Company and the Burley Tobacco Society. The grower now has to face and decide this question: Shall the Burley Tobacco Company and the Burley Tobacco Society continue or shall they be dissolved?

In adopting the charter of the Burley Tobacco Company the clause that has been struck out by the Court of Appeals was inserted for the sole purpose of protecting the Company against its enemies, who they feared would buy up this stock and control the Company by their votes.

Before the decision of the Court of Appeals was rendered on June 17, 1913, the enemies of the Burley movement became active in buying up this stock

and securing options on it throughout nearly all of the counties in the Burley belt and got voting proxies in anticipation of a possible ruling of the Court, so that the very conditions attempted to be provided against in the charter of the Company have developed as was anticipated, and it is now a question as to whether the control shall be given to the enemies of the growers or shall be retained by the growers.

Receiver's Suits.

Beginning in the year 1909 and ending on the first day of July, 1913, aside from the four suits filed in the Federal Courts attacking the legality of the Burley Tobacco Society, there have been seven suits filed against the Society or the Company praying for receivers either for the Society and the property under its control or for the Burley Tobacco Company, and each suit seeking the dissolution of the organization.

The suit which has recently been decided by the Court of Appeals was brought mainly for the appointment of a receiver for the Company and for its dissolution and this suit is still pending in the Kenton Circuit Court. On the first day of July two suits were brought in the Fayette Circuit Court asking for receivers for the 1906 and 1907 pools. These two suits were instituted by the same attorneys who prepared the suit in Kenton County. There is also pending in the Kenton Circuit Court another suit brought by these same attorneys seeking to hold the members of the District Board and of the 1909 pool and the Directors of the Burley Tobacco Company individually responsible for all of the business transacted by the Burley Tobacco Company on the ground that they had no authority to represent the Company. This suit involves about 2,000,000.00.

Would Destroy the Pool.

Judging from these various suits, and the connection between them, and those who represent the plaintiffs in those suits and their association with the enemies of the growers, it appears clear to the Board that there is a concerted and well planned movement on foot to dissolve the Burley Tobacco Company and destroy the Burley Tobacco Society, and the whole pool movement.

At a meeting of those who are opposed to the present management of the Burley Tobacco Company held in Lexington, June 26, there was set on foot an organization whose purpose is to get proxies of the stockholders of the Burley Tobacco Company with a view to controlling the Company and bringing about its dissolution. The committee selected in that meeting to control and vote those proxies is composed of the following persons: J. L. Vest, a lawyer of Walton, Ky., who controls \$12 worth of stock from his 1909 pooled tobacco, who is the attorney that has brought the suit for the dissolution of the Company in the Kenton Circuit Court and the suit in the Kenton Circuit Court attempting to hold the District Board individually liable for all of the investments made by this Company, on the technical ground that they were not duly elected as Directors of the Company, who is also the attorney who on July 1, 1913, instituted the two suits for receivers of the 1906 and 1907 pools in the Fayette Circuit Court; J. W. Glover, Chairman of the Committee, who has been a buyer for the R. J. Reynolds Tobacco Company for the last two years and who has been actively canvassing the Burley belt either in buying stock or securing proxies; Mark Hendricks of Fleming County, who helped make the purchase for the Louisville Tobacco Warehouse Company in 1910 that destroyed the pool of that year; Lee McGraw of Scott County, who absolutely refused to sell any of his tobacco last year in houses controlled by the Burley Tobacco Company, and Bowen Henry of Franklin County.

Advice As To Proxies.

From the previous attitude of these men toward the Burley movement and particularly the Burley Tobacco Company, the growers can judge for themselves as to the wisdom of placing the Company in their control. The District Board of the Burley Tobacco Society at this meeting recommends to the poolers and growers of tobacco who are interested in protecting their organization from the enemies of the movement that they place their proxies in the hands of committees which they may select in the several counties and that they choose these committees with care and place on them true and tried men who have the best interests of the Burley Tobacco Society and the Burley Tobacco Company at heart and let these men so selected as a committee in each county represent the stockholders in the stockholders' election to be held in October, 1913.

Unless the friends of the pool thus protect themselves all of the labor and sacrifice that has entered into the creation of the Burley Tobacco Society and the Burley Tobacco Company for the protection of the grower against the Trust will be laid waste.

District Board of the Burley Tobacco Society and the Burley Tobacco Company. (Signed).

WOMEN TO VOTE

COUNTY CLERKS WILL PREPARE SEPARATE BALLOTS FOR WOMEN VOTERS

Who Desire To Participate In the Election of County School Superintendents at the Primary in Kentucky, August 2nd.

Lexington, Ky., (Special).—A letter has been sent out to all the county clerks of Kentucky by Col. John R. Allen, of Lexington, attorney for the Kentucky Federation of Women's Clubs, asking if they will prepare separate ballots for women who desire to participate in the election of county school superintendent at the primary to be held August 2nd. In the suit brought by Mrs. Waller Bullock vs. Theo. Lewis, as county clerk of Fayette county, the Fayette circuit court decided that all women who possessed the legal qualifications required of male voters in the common school election, and who in addition are able to read and write, are entitled to vote for county superintendent. The court of appeals declined to take jurisdiction in the case. So the judgment of the circuit court in Fayette is in full force and effect, and the county clerk there will prepare separate ballots for women voters.

Women all over the state who are interested in educational affairs are requested to consult their respective county clerks about this subject and to use their influence to have the question settled in the affirmative and to have it settled speedily, in order that woman may be informed of their privilege to vote for this officer, and a large vote may be cast.

Residents of cities, below the second class, vote for county superintendent, and all women of such cities, who did not register last October or do not register on the special registration day, July 19th, must remember to register this October, or they will not be allowed to cast a vote in November. Residents of the county outside of a city or town are not required to register.

Points About School Election Laws For Women Using the School Suffrage in Rural Districts.

Vote the first Saturday afternoon in August from 1 until 5 o'clock at the school house in each sub-district, in which the term of the trustee expires, this year. The officers of election are chosen by the voters at the opening of the polls.

Any woman who is over twenty-one years of age and has been a resident of the district for sixty days is eligible to the office of school trustee, provided she is able to read and write, as shown by a certificate of five responsible citizens of the sub-district.

On the first Saturday in August, also, many sub-districts will vote on the question whether or not a special local school tax is to be levied. Such a question can not be voted on unless fifteen days' notice has been given by written or printed handbills posted in at least five of the most public places in the sub-district.

Women in rural districts do not register.

Important Points About School Election Laws For Women Using the School Suffrage in Cities of the Second, Third, and Fourth Classes.

In Second-Class cities the School Board consists of five members elected from the city at large for a term of four years. In November, 1912, all five members were elected, two members for two years, and three members for four years.

In Third and Fourth-Class cities the School Board consists of two members from each ward, elected by the city at large for four years. In November, 1913, one member is to be elected in each ward in which the term expires.

In Second-Class cities, women, twenty-four years of age, residents of the city, who have been citizens of the United States for three years and who are able to read and write, are eligible to the School Board.

In Third-Class cities, women, twenty-four years of age, citizens of Kentucky, residents in the city for two years, the last year thereof in the ward, who are freeholders in the city, and who are able to read and write, are eligible to the School Board.

In Fourth-Class cities, women who are qualified voters (see below), who have resided in the ward for six months, and who are able to read and write, are eligible to the School Board.

Vote by secret ballot at the regular November election or on other days, if the county court so orders.

Register on the first Tuesday in October, any time from 6 a. m. until 9 p. m., or on such other days as the city council may by ordinance prescribe.

No person may vote without presenting a certificate of registration. A lost certificate may be replaced by making affidavit before the county clerk and paying a fee of fifty cents.

WHO MAY VOTE.

All women, twenty-one years of age, citizens of the United States, residents of the state one year, of the county six months, and of the precinct sixty days, and who are able to read and write, are qualified voters at all elections of school trustees and other officers required to be elected by the people, and upon all school questions submitted to a vote of the people. (Ky. Constitution, Sec. 145, Session Acts, 1912.)

POULTRY FACTS

COLORED ROUEN DUCKS

Good Qualities Make This Breed Most Desirable.

Fine Market Bird, but Does Not Mature as Early as Does the Pekin or Aylesbury—Is Hardy and Prolific.

(By G. E. HOWARD.)
The Colored Rouen duck is deservedly popular throughout this country, and is considered one of the most profitable varieties to keep. These ducks are said to have come originally from the city of Rouen, in Normandy. It is known that large quantities of poultry are raised in Normandy, and while there may be no positive proof that these ducks came originally from that city, large numbers of birds closely resembling them are to be found in the market places there. Some writers claim that the name should be "Roan" owing to their color, but really the color itself does not support this contention.

The Rouen duck is a fine market bird, but does not mature as early as does the Pekin or the Aylesbury. The flesh is considered very delicate and the breed is acknowledged to be excellent for table purposes, being easily fattened. The Rouen will be found a profitable bird to raise on the farm being hardy, prolific, quiet of disposition, and of very beautiful plumage. Their eggs are not as large as those of

Trio of Colored Rouen Ducks.

the Pekin, and are diverse in color. The Rouen is undoubtedly closely related to the Mallard duck; its plumage alone would make good this belief. But the shape of the domesticated Rouen duck has been greatly modified from that of the wild Mallard, the body is grown longer and heavier, with a tendency to drop down in the rear, the wings have lost the power of flight which the wild ancestor possessed. The plumage, however, remains almost the same.

Both the drake and duck clothed in plumage attractive and pleasing to the eye, are as much fancier's fowls as any of the varieties of chickens, yet they are of much value as market birds. The only objection to them, aside from their slow maturing qualities, is that of dark pinfeathers. This should not stand against them any more than it does against the many valuable varieties of chickens that have dark plumage and dark pinfeathers. To the farmer who intends raising ducks for market purposes they are to be recommended.

NEW POULTRY FARM STARTED

Second Experimental Station Located at Beltsville, Md.—Managed Upon Practical Lines.

So important has the poultry industry become that Uncle Sam has started a second experimental poultry farm on his own account. He wants to find out what are the best breeds and what is the best treatment and management to make them most profitable. He will not trust to the experimental work by the state of Maine, New York, Ohio or any other. He will have it done under his own supervision, so that no mistakes will be made.

His new poultry farm is located at Beltsville, Md., some 13 miles out of Washington and beyond the Maryland experiment station at College Park. It is being developed by the bureau of animal husbandry along practical down-to-date plans, and the equipment, while of good appearance is simple and inexpensive in character, so that the veriest novice can copy the ideas without a great expenditure either of time or money. Sixty acres have been set aside for the poultry farm, but as yet it is only in the development stage, and much has to be done before a really workable demonstration plant is established. Most of the houses are of the colony portable type.

Culling Out Old Hens.

It is well to keep in mind that from the standpoint of egg production pullets are more profitable than older hens. It is false economy to retain hens more than two years old unless for breeding or exhibition purposes. Get rid of the old stock in the late summer or early fall, retaining only the very best hens for breeding purposes. Plenty of room should be provided for the young pullets to develop and this can be accomplished best by getting rid of the old stock which shows signs of deterioration.

Space for Hens.

Allow every hen from four to six feet of floor space; better six. Ten inches each of roosting space is not too much. The roosts should be placed at least eighteen inches apart.

Truck Replaced Three Teams

In eleven months this three-ton KisselKar Truck covered in actual service 4,760 miles at a fuel cost of \$1.08 per day. Manned by a driver and one helper, it replaced three teams of horses. The average daily burden was 37 17.20ths tons. It carried an average load of four tons—one ton overload—but in the entire period named, was laid up only two and one-half hours for repairs.

"We can recommend the KisselKar Truck and assure that it lives up to its guarantee," writes Thomas E. Fleischer, manager of the Sheboygan Lime Works.

Two and one-half hours for repairs, carrying over 37 tons per day is a record worthy of notice. KisselKar Trucks cost little to maintain and are economical to operate because the problem is solved in KisselKar construction.

Note these striking KisselKar features—Simple engine—easy to operate—reserve power—excess capacity—differential lock preventing one drive wheel absorbing all the power on slippery places, and stalling the truck—four speed transmitters geared up—fourth speed permitting high speed when desired without racing engine; 15 to 21 per cent. lower fuel consumption than average trucks—light spring suspension for power plant, heavy spring suspension for load—gauge that weighs load—greatest accessibility—easy control—larger brake drums, and extra powerful brakes—special bodies designed to meet every need.

KisselKar Trucks

1500 lbs.-1-2-3-4 and 5 Tons

In the range of capacity, 1500 lbs. to 5 tons, you can find just the type that fills your requirements—and with the KisselKar Truck goes the KisselKar Service, which is the manufacturer's guarantee of satisfaction.

KisselKar Service means taking off your hands all of the mechanical details. A special service building is maintained in this city for the benefit of KisselKar owners. The KisselKar service is a broad and comprehensive arrangement between manufacturer and owners that cares for the car, maintains efficiency, retards depreciation and minimizes upkeep. This service is a valuable consideration in the purchase of a power wagon. Investigate it.

Ask us to analyze your present horse haulage ss compared to motor haulage. The result will be interesting.

Send for free book showing KisselKar Trucks in actual use in your line and many other lines of business.

—Mr. John Mock continues quite ill.
—Mrs. Frankie Collins continues to improve.
—Miss Katherine Linville continues about the same.
—Mrs. W. R. Barnes is visiting relatives in Mason county.
—Mrs. Clara Shanks and Mrs. Thos. McClintock continue about the same.
—Mr. and Mrs. O. E. Hurst visited relatives at Ewing from Saturday until Monday.
—Mrs. C. R. Jones and sister, Miss Ruth McClintock, were visitors in Lexington, yesterday.
—Mrs. M. E. Martin has returned after a year's visit to her daughter, Mrs. Dan Miller, at Keokuk, Iowa.
—Miss Bruce Redd returned Friday after a week's visit to her uncle, Mr. Mulligan, and family, at Lexington.
—Mrs. Minnie Hurst and children are pending the week with Mr. and Mrs. Chas. Dalzell, at North Middletown.
—Mr. Robert Hughes has returned to his home in Huntington, W. Va., after a visit of several weeks with relatives here.
—Mrs. C. C. Chanslor and little son, John Robert, returned Friday after a two weeks' visit to her mother, Mrs. Wright and family, at Maysville.
—Miss Virginia Hutchcraft, who has been teaching at Saundersville, Ga., arrived Thursday as the guest of Dr. and Mrs. Wm. Miller for the summer.
—A little daughter of Mr. and Mrs. Ed. Wagoner, residing near Millersburg, died Saturday and the remains were interred in the Millersburg cemetery Sunday afternoon.
—Regular meeting of Amity Lodge No. 40, F. & A. M. to-night. There will probably be work in the second degree and all members of the order are requested to be present.
—Messrs. G. P. Fisher, W. E. Powell, A. J. Thaxton, J. Allen Ingles and Priest Kemper left yesterday for Mammoth Cave in Mr. Fisher's automobile. The party will also tour Western Kentucky.
—Miss Ruth Stirman, who has been visiting relatives in Fleming, was called home Wednesday to be at the furniture store of Mr. Joel W. Mock during his absence. She left Saturday for Fleming county to be absent about two weeks.
—Messrs. W. G. and Ashby Leer were at the bedside of their sister, Mrs. Frankie Garland, at Vanceburg, from Thursday until Saturday. Mr. and Mrs. Chas. Leer, Mr. and Mrs. J. C. Leer, Sr., were at her bedside Sunday. Mrs. Garland is critically ill with no hopes for her recovery.

GAME WARDEN HILL VISITS MASON COUNTY.
George M. Hill, of this city, special State Game and Fish Warden, has been in Maysville several days in the interest of game and fish in Mason county. There will be several deputy wardens appointed for this county within a few days, who will look after the violators of the game and fish laws. These are excellent laws and should have the hearty support and cooperation of all the sportsmen of the county.

ATTEMPT TO RUN CARS RESULTS IN VIOLENCE.

(Continued From Page 1.)
power to preserve peace and order. The proclamation directed all saloons of the city be closed at 6 o'clock last night and remain closed until the Mayor by another proclamation authorizes them to reopen.

GOVERNOR REFUSES TROUPS.
After a telephone conference with Circuit Judge Kerr, Sheriff Scott, of Lexington County, Mayor Cassidy, of Lexington, and Gen. Roger D. Williams, Acting Governor McDermott decided that it would not call out troops in Lexington unless it was shown that the local officials were actually unable to control the situation in Lexington.

PLACE PACKAGE TAX ON BLENDED WHISKY.

An additional revenue tax which it is estimated will net the government an extra million a year, is to be imposed on rectifiers and blenders of, and wholesale dealers in whisky. This proposed tax was affixed to the Tariff Bill by the Senate Finance Committee Friday, and provides that the dealers affected must, in the future, pay for the affixed to each package of whisky make up in their establishments. At present the Government supplies the package stamps free of charge.

The finance Committee has provided a charge of 25 cents per stamp on every package of whisky made up after the passage of the current Tariff Bill. Straight whisky made by distillers is not affected by the amendment. Whatever the size of the package, only one stamp is required, however. The minimum weight of such packages as prescribed by law is five gallons, which limitation automatically exempts liquor dealers.

If you are satisfied with bad roads, keep Dundon in office. If you want good roads for the taxes you pay vote against him. Vote for McMillan for County Judge.

NERVOUS TROUBLES KILL AMBITION.

Tona Vita Brings It Back To Worn Out, Half-Sick People.

One of the principal symptoms of nervous troubles is a feeling of discouragement.

A man or woman suffering with nerve exhaustion feels so worn out and miserable most of the time that they become hopeless and depressed.

Life doesn't seem to be worth living. Tona Vita has been pronounced by physicians to be the most reliable and successful tonic and nerve food ever sold to the public. It is building up many thousands of run-down, nervous men and women and restoring them to health and happiness.

If you are a sufferer from nervous break-down, try this great tonic, and as you feel your health, strength and ambition return, you will be changed in mind as well as body. Life will seem like a different thing to you in a few weeks' time.

Tona Vita is sold by Chas. E. Butler & Co.

DEATHS AND FUNERALS

ROYALTY.

—The funeral of Mrs. L. Royalty, who died in Lexington early Thursday morning, was held Friday afternoon at the home of her sister, Mrs. Marshall Weigart, on Ferguson street. Mr. Royalty, her husband, is critically ill at a Lexington hospital. Rev. J. S. Sims, of the Methodist church, conducted the funeral services and the body was laid to rest in the Paris cemetery.

WILSON.

—Miss Kate McLeod Wilson, aged fifty-nine years, died Friday afternoon, about 3 o'clock, at the home of her sister, Mrs. Jasper Offutt, on the Lexington pike. Miss Wilson's death was not unexpected, as she had been a sufferer for more than a year, and was critically ill for several weeks. Miss Wilson was the daughter of the late Thos. and Margaret Wilson, and is survived by two sisters, Mrs. Offutt, with whom she made her home, and Mrs. William Wasson, of Versailles. The funeral was held at the residence of Mrs. Offutt, Saturday afternoon, at 3 o'clock.

WEEKS.

—Miss Nellie Davis Weeks, aged about fifty-four years, died at her home on High street Sunday afternoon at 1:30 o'clock following a protracted illness of a complication of diseases.

Mrs. Weeks has been in declining health for some time and for the past two weeks her family and friends have been very apprehensive as to her condition and for several days all hope for her recovery had been abandoned.

During her illness she has borne her suffering with a Christian fortitude. She was a devoted member of the Presbyterian Church and one of the most beloved women of the community. Being of a gentle nature and possessing many sweet traits of character, she won for herself the admiration of the entire community and besides her family leave scores of admiring friends to mourn her loss.

Mrs. Weeks was the only daughter of Mr. George W. Davis, one of the oldest and most highly respected citizens of Paris. Her entire life has been spent in Paris and besides her venerable father she is survived by three brothers, Mr. George R. Davis, Mr. Rudolph Davis and Mr. O. L. Davis. One son, Mr. Davis Weeks, also survives.

The funeral services will be held at the grave in the Paris cemetery this afternoon with services conducted by Rev. Dr. B. M. Shive, assisted by Rev. F. J. Cheek. The bearers will be: James McClintock, Dr. M. H. Dailey, A. J. Winters, Dr. C. G. Daugherty, Geo. R. Bell, Joe S. Varden, Charles B. Mitchell and W. H. Webb.

If you want good roads vote for a change. Try McMillan for County Judge.

You have tried Dundon for eight years and you know he gives you bad roads. Take a chance on a change. Vote for McMillan for County Judge.

STOCK AND FARM NOTES

—The quality of the wheat crop, now being threshed in Woodford is excellent, the grain testing from 60 to 63 pounds per acre. The yield ranges from twelve to eighteen bushels per acre with a few crops averaging twenty-five bushels. Versailles buyers are paying 93 cents per bushel and many farmers are selling at that price, though quite a number will hold with the expectation of receiving \$1 later.

—One of the biggest lot of lambs ever sold at one time in Clark county exchanged hands when H. C. Caywood, of Bourbon, purchased from Brook Bros., and Ernest Allen, of that county 850 lambs, averaging 85 pounds, at 63 cents per pound. These lambs were refused the buyers in June at seven cents. Although the price is a quarter of a cent lower, there is a difference of about ten pounds to the lamb in weight.

BOARD OF OFFICERS PASS RESOLUTIONS.

The officers of the Paris Christian Church at a meeting held after the services Sunday passed resolutions of sympathy for Mr. J. T. Redmon, a member of the Board, whose unfortunate connection with an accident in Louisville last week was a source of deep regret to his legion of friends in Bourbon. The resolutions which were unanimously adopted are as follows:

We, the officers of the Paris Christian Church desire to certify as to the Christian character and high social, moral and business standing of Mr. J. T. Redmon, who is a member of the Board of officers of the Paris Christian Church; that we consider him to be a prudent, careful man and one, who has always been careful and considerate of the rights of others, and in view of his late accident at Louisville, express our sympathy for and confidence in him, and our belief that it was unavoidable.

Order of the Board of Officers of the Paris Christian Church, July 13, 1913.

J. T. SHARRARD
J. W. HAYDEN,
W. B. ALLEN,
C. ARNSPARGER.
—Committee.

We have tried Dundon eight years. He has given us no roads for our taxes. Let us have a change. Let us try McMillan, who pledges us good roads in return for our taxes.

NERVOUSNESS DENOTES WEAKNESS
but is promptly relieved by the medical nourishment in Scott's Emulsion which is not a nerve-quieter, but nature's greatest nerve-builder, without alcohol or opiate.

Scott & Downe, Bloomfield, N. J. 13-25

Soda crackers are more nutritive than any other flour food. Uneeda Biscuit are the perfect soda crackers.

Though the cost is but five cents, Uneeda Biscuit are too good, too nourishing, too crisp, to be bought merely as an economy.

Buy them because of their freshness—because of their crispness—because of their goodness—because of their nourishment.

Always 5 cents. Always fresh, crisp and clean.

NATIONAL BISCUIT COMPANY

DROUGHT IN STATE AFFECTING CROPS.

The State Department of Agriculture, in its crop report for June, says that the drought conditions prevailing since the report of June 10 have marred prospects. Central and Western Kentucky seem to be suffering more from the dry and hot weather prevailing. The condition of wheat shows 90 1/2 per cent., which is an increase over last month's report of 5 per cent. The quality is extra good. The condition of rye shows 89 per cent. The corn crop is 98 per cent., while the condition shows 91 per cent. Acreage of oats is given as 88 per cent. and the condition 74 per cent. Condition was reported at 79 per cent. June 10.

The dark tobacco shows an acreage of 64 per cent., while the condition is 75 1/2 per cent. Burley tobacco reports 80 per cent. acreage and 79 per cent. condition. Ninety-four per cent. is the acreage of potatoes. The dry weather has had such an effect that the condition shows but 76 per cent. as against 93 per cent. the outlook reported May 1. The sweet potato acreage is 89 per cent. while the condition is 89 per cent.

The condition of grasses is given as follows: Bluegrass 74 per cent.; clover 78 per cent.; alfalfa, 87 per cent.; orchard grass, 81.

The acreage of cowpeas is reported at 90 per cent., while the condition is 89 per cent. The acreage of soy beans is 83 per cent. and the condition 90 per cent.

The garden conditions are only about 80 per cent., as the drought has greatly affected them.

Young poultry is doing well and the condition of chickens generally is reported at 93 per cent.

The condition of the fruits of the State have all fallen below the prospects earlier in the season. Apples show 73 per cent., as against 85 per cent. reported last month; peaches 70 per cent., as against 78 per cent. last month; pears, 55 per cent., as against 61 per cent. last month; plums, 64 per cent., as against 67 last month; grapes 87 per cent., as against 89 per cent. last month; blackberries, 90 per cent., showing a somewhat smaller crop than was reported earlier.

The disease known as catarrhal fever or "pink eye", among the horses, is reported to be well in hand. No new cases are reported.

There has been a large corn crop planted, and the reports are that it is generally clean and in good condition. If the drought is broken soon there is every prospect of a bumper corn crop.

CORROBORATION.

Of Interest to Paris Readers.

For months Paris citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Paris residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? The following statement should carry conviction to the mind of every Paris reader.

Mrs. Ida Huffman, 115 Main St., Paris, Ky., says: "We think Doan's Kidney Pills advertised, I got a supply at Wilson's Drug Store (now Butler & Co.'s Drug Store) and gave them a trial. I was very much pleased with the results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

RAISING OF CALVES ON SKIMMED MILK.

Calves raised on skimmed milk can develop into first class dairy cows. On hundreds of farms, skimmed milk constitute the portion of the feed of the young calf and such calves make as good cows as those receiving whole milk.

It costs a great deal less to raise a calf on skimmed milk than on whole milk. By this plan the cream can be sold and made into butter and the proceeds added to the farm income.

Calves as well as on skimmed milk whether skimmed by hand or with a cream separator, but skimmed milk from the separator has the advantage of being fresh and warm and sweet when fed. Where as many as three or four cows are milked regularly, a separator will prove a paying proposition. It saves a great deal of time and labor in setting the milk away for the cream to raise and in cleaning milk vessels.

Feeding skimmed milk develops a large stomach in the calf. This is exceedingly desirable because, after a big udder, the most valuable point in a cow is a large capacious paunch in which she may store her feed. Every great milk cow without exception has a large barrel.

The calf may be allowed to remain with its mother for five or six days, at which the time the milk is usually fit to be saved. It should then be taken away from the cow and if possible out of her sight and hearing.

During the first week after removal from its mother, it should receive about nine pounds of milk a day, divided into two or three feeds, preferably into three. After this, skimmed milk should begin gradually to replace the whole milk so that by the time the calf is three weeks old it is getting skimmed milk only, the quantity varying from 12 to 18 pounds a day according to the size and thriftiness of the calf. A teaspoon full of flour added to each feed of skimmed milk adds to the feeding value and prevents scours. The skimmed milk should always be fed warm, 90 to 100 degrees or blood heat being about right.

The bucket from which the calf is fed should be washed and scalded after each feeding. The use of filthy slop buckets and unclean and sour milk will surely result in unthrifty calves and in a great deal of trouble with scours.

Within three or four weeks the calf will begin to eat bran and shelled corn, and will nibble at hay. A small amount of these materials should therefore be provided. Good clean clover or alfalfa hay gives the best results. Care should be taken not to give too much grain. A safe rule is to give a little less than the calf will clean up.

At the age of ten or twelve weeks, if a good pasture is available, the calf will be able to get a living from grass. When this is the case the skimmed milk will be withdrawn. Care should be taken at this time to avoid stunting the calf and enough grain should be given to keep it in a thrifty growing condition, but not fat.

Teaching the calf to drink out of a bucket requires a little patience. Gently back the calf into a corner of the stall, stand astride the youngster, wet the fingers in milk and let the calf get a taste of the milk. Then gently lower the hand into the pail, the calf meanwhile sucking the fingers. Allow it to continue sucking the hand and it will meanwhile be sucking or drinking the milk. Then gently remove the hand and the calf will continue to drink the milk. Sometimes it is necessary to allow the calf to go 24 hours without food before it will allow itself to be fed from the bucket.

Teaching the calf to eat grain may be accomplished by daubing a little bran on the nose after it has finished drinking its milk. In licking this off it will learn to eat the feed, a small quantity of which should be placed before it. It will learn to eat hay without any special encouragement.
